RELEASED SPIRIT

I have received a large number of letters from our readers expressing their grief on the death of Dr. Schumacher. I may not be able to reply to all of them personally. I thank all those who have written. Indeed Dr. Schumacher's death is a great loss for Resurgence as he was one of the founder editors of the magazine and contributed regularly. We have published thirty-four articles by him in the pages of Resurgence and everybody concerned with Resurgence will miss him greatly. I believe that his released spirit will continue to strengthen us in our work.

It is now even more important that Resurgence should continue to improve upon the message of Dr. Schumacher and spread it as far and wide as possible. Therefore we need the support and good will of our readers and subscribers even more than in the past. It is only with the support of our readers that Resurgence has continued to be published for the past eleven years, and any deficit has been met by the subscribers. This year the deficit was £2400. When we appealed to our readers we received £2304 in donations. This is an excellent response. For the next year we would prefer to have more subscribers to meet the deficit. We have inserted a Christmas gift coupon in this issue. I hope very much that every subscriber will take this opportunity to give Resurgence as a gift to their friends and family. This way we will be able to spread the message of Dr. Schumacher much more efficiently.

The date for Dr. Schumacher's Memorial Service has been fixed for 30 November and it will take place in Westminster Cathedral, London at 2.30pm. Yehudi Menuhin with the Menuhin School Orchestra will provide the music.
